

Free. Consumer-Friendly. Expert-Vetted

All available at www.TreatmentAtlas.org

Shatterproof's Treatment Atlas® ("Atlas") is a free resource that provides transparent, unbiased information on the quality of addiction treatment facilities for people to use when seeking care. Atlas is designed for people with substance use disorders, their loved ones, care navigators and others to find treatment options that suit a person's clinical needs and preferences. By showing how well sites align with evidence-based clinical practices, Atlas helps people successfully navigate the addiction treatment system.

You can use Treatment Atlas to...

- Take a brief assessment to determine an individual's addiction treatment needs.
- Locate and compare addiction treatment facilities using information on quality of care.
- Filter search results by factors based on individual needs, such as:

Distance

Special
groups
served

Languages
offered

Insurance
accepted

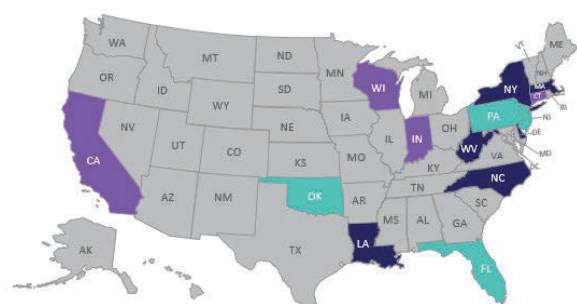

Substances
treated

...and more!

- Access user-friendly information on what to look for in quality addiction treatment.
- Read feedback from real patients about their experiences at facilities.
- Leave feedback about facilities at which you or a loved one have received treatment.

Treatment Atlas is currently available in 14 states, with more on the horizon...

National Expansion

- Initial States (2020)
- 2022 States
- 2023 States

Treatment Atlas plans to expand nationwide. For questions on how to bring Treatment Atlas to your state, please contact our team at Atlas@shatterproof.org.
