About Shatterproof

Shatterproof believes in a world free from suffering from substance use disorder.

We work to reverse the addiction crisis **by transforming how America prevents, treats, and supports recovery from substance use disorder** — through science, system change, and the lived experience of those most impacted.

About Walk to End Addiction Stigma

The Shatterproof Walk is an opportunity for communities to come together by walking and volunteering to end the stigma of addiction while surrounded by friends, family, and loved ones. We'll honor those we have lost, celebrate those who are living in recovery, and bring hope to the millions living with substance use disorder.

Together, we can save lives. Together, we are Shatterproof.

To End Addiction Stigma

I Am a Proud Shatterproof Volunteer
